

GIARDIACLEAR™

An Holistic Approach to Chronic Giardia

Giardia

**Options and pricing on page 17.*

Giardia 'Lambli'a', 'Giardia Intestinalis' or 'Giardia Duodenalis' (different names for 'Giardia') is the number 1 protozoan parasite, worldwide.

Chronic ('Refractory') Giardia, infects the small intestine, pancreas and bile ducts and has a [profound](#) effect on the gut and, therefore, health. Leading to around 300 different chronic disorders.

Infection occurs when our immune systems are weakened. Because standard microscopy tests can miss it, Doctors fail to consider a parasite and look elsewhere, for cause. Drs are not trained in parasitology and may even deny its existence and, cruelly, refer sufferers to a psychiatrist.

While mainstream medicines can clear **new** infection, they become less effective, once Giardia becomes chronic. Antibiotics may not penetrate biofilm or impacted waste, do not address underlying cause; negatively impact gut flora; do not repair the intestinal lining; re-balance gut bacteria or rectify damage caused by long-term infection and chronic inflammation.

“I believe the single most undiagnosed health challenge in the history of the human race is parasites. I realize that is a pretty brave statement, but it is based on my 20 years of experience with more than 20,000 patients.”

- Dr Ross Anderson

Giardia infects a significant number of Lyme Disease sufferers and has many Lyme-like symptoms. A significant number of chronic sufferers, despite intense effort and no small cost, are unable to recover their health. Numerous reasons exist for failure (see below). A more effective and safer solution is needed.

“All disease begins in the gut” - Hippocrates

GIARDIACLEAR™ is a structured, step-by-step, holistic protocol, designed to clear chronic Giardia infection, repair the gut and restore the body’s natural defenses. It includes ‘live’, one-on-one, technical and emotional support, working directly with me.

Key steps:

- Detoxification and Intestinal Sanitation (*so Giardia cannot hide in poop or waste*)
- Effective Anti-giardials (*which penetrate biofilm*)
- Specific Probiotic Strains (*recruiting the immune system, to help*)
- Enzyme Therapy (*attacks the protein coat of cysts, calms inflammation, aids digestion*)
- Nutritional Therapy (*gives the body the raw materials it needs to heal*)
- Fasting (*doubles success rates*)
- Maintenance Protocol (*for Life Cycle, remaining cysts and re-infection*)
- Bio-energetic Testing (*ends guesswork, progress-monitoring, Meta-Therapy*)

"When we broaden the definition of Giardia to include other chronic persistent infections, like bartonella and mycoplasma, probably 80 to 90 percent of the U.S. population is suffering symptoms caused by chronic persistent infections"

- Dr Dietrich Klinghardt

We all want to just take a pill and get better. It's how we've been conditioned, from birth. Unfortunately, 'a pill for every ill' does not work, with infections like chronic Giardia.

Antibiotics may manage, or temporarily reduce, parasite load but come at a price to gut health. Even if successful in clearing Giardia, symptoms may not automatically resolve and Giardia returns, for reasons Doctors don't yet understand.

Giardia establishes colonies in the gut, pancreas and bile ducts, where it feeds on waste and nutrients, creates biofilms, alters gut bacteria to its liking, triggers inflammation and produces its own waste products, which add to the overall body burden.

A fundamental starting point, for reversing all chronic disease, is to **correct the internal conditions, within the body, causing you to get sick.**

What do we do when goldfish water is dirty? We don't inject the goldfish or give them drugs. We clean the water. Our body is 96% water. We must do the same.

How Effective Is GIARDIACLEAR™?

Based on 3 years feedback from clients, 75-80% clear the parasite within 2-14 days, 15-20% need more time. 5% will fail (*for various reasons*).

Repairing the gut, immune and digestive function, take a minimum 6 weeks and depend on individual response. Those with complex conditions or degeneration/damage, may require longer.

Barriers to Healing

Parasites, pathogenic biofilm, low vitality, systemic toxicity, genetics, nutrient deficiencies, food sensitivities, inflammation, chronic disorders, toxic stress, EMFs*, unresolved emotional trauma, dental problems, restrictions to blood, lymph and nerve flow, can all hinder recovery.

Blockages need to be identified and cleared.

*Electromagnetic radiation has become a significant problem. EMFs and Ionizing radiation suppress immune function and are inflammatory.

Die-off' or Herxheimer Reaction

During the clearance phase, dying parasites, fungi and bacteria can release chemicals, such as ammonia, which can make us feel unwell. If you are sensitive to 'die-off' and immune reactions, steps are included to eliminate or reduce them.

Fasting

While it is possible to clear infections, while eating, fasting **DOUBLES** success rates. Or, to put it another way... if you eat, you **HALVE** your chances of success.

Fasting (not starving) has been used for thousands of years to bring about healing. Animals, when sick, instinctively stop eating and seek out clay, herbs, or green leaves (chlorophyll). By not eating, the body's vitality, previously taken up with preparing, consuming, digesting and eliminating food, can now be directed toward cleansing, healing and regeneration.

The combination of fasting and cleansing/detoxification is exceptional in reversing chronic disease, generating new stem cells and accelerating all aspects of healing.

Fasting denies parasites a food source. Since supplements are mostly foods, most are also excluded.

Fasting is most effective when the body is properly hydrated. Imagine a dirty sponge left, overnight, in a bucket of water. In the morning, the sponge is clean and the dirt sitting at the bottom of the bucket. Pure water is a solvent. It hydrates and lifts waste out of the tissues, then helps move it toward the channels of elimination (kidneys, colon, lungs, skin). If you don't drink sufficient water, 'dirt' cannot 'lift' off.

Water, fruit and vegetable juices, hydrate, alkalyze, 'scrub' and cleanse. Specific techniques help mobilization, detoxification and elimination of waste matter.

If you have never fasted before, you may think it difficult. Yet, in practice, it is far easier to eat nothing at all than a raw vegan or low carb diet, where you can feel hungry all the time.

After 36-48 hours digestion 'switches off'. You can then go 10 days and more, without hunger. The body gets to work, 'cleaning house'. Scavenging and consuming dead, damaged or dying cells. This is called 'Autophagy'.

Eating

If you cannot Fast, healing diets are permitted. Such as Intermittent fasting, Ketogenic, GAPS, Mediterranean, Paleo or Carnivore. What matters most is that your food is nutrient-rich and uncontaminated. We appreciate, in today's poisoned world, this is a challenge. Do your best.

Recovery will take longer if inflammation is present. An inflamed intestinal lining, along with unbalanced gut bacteria, can create food sensitivities and allergies. Many foods become 'triggers', irritating the intestinal lining, keeping your 'inflammatory fires' burning.

Food Sensitivity Testing can help identify and exclude 'trigger foods'. Inflammation can then be more easily resolved and excluded foods re-introduced.

Bio-Energetic Testing

“If you want to find the secrets of the universe, think in terms of energy, frequency and vibration.”
- Nikola Tesla

Luc Montagnier, who discovered the human immunodeficiency virus (HIV), spent years looking at how microbes communicate with each other and our immune system. He found they do so through emissions of electromagnetic light waves, microwaves and low frequencies. Chemical signals are secondary.

This becomes of major importance when we consider “dirty electricity”... EMFs, Smart meters, WiFi towers, mobile phones, routers, microwaves, etc..

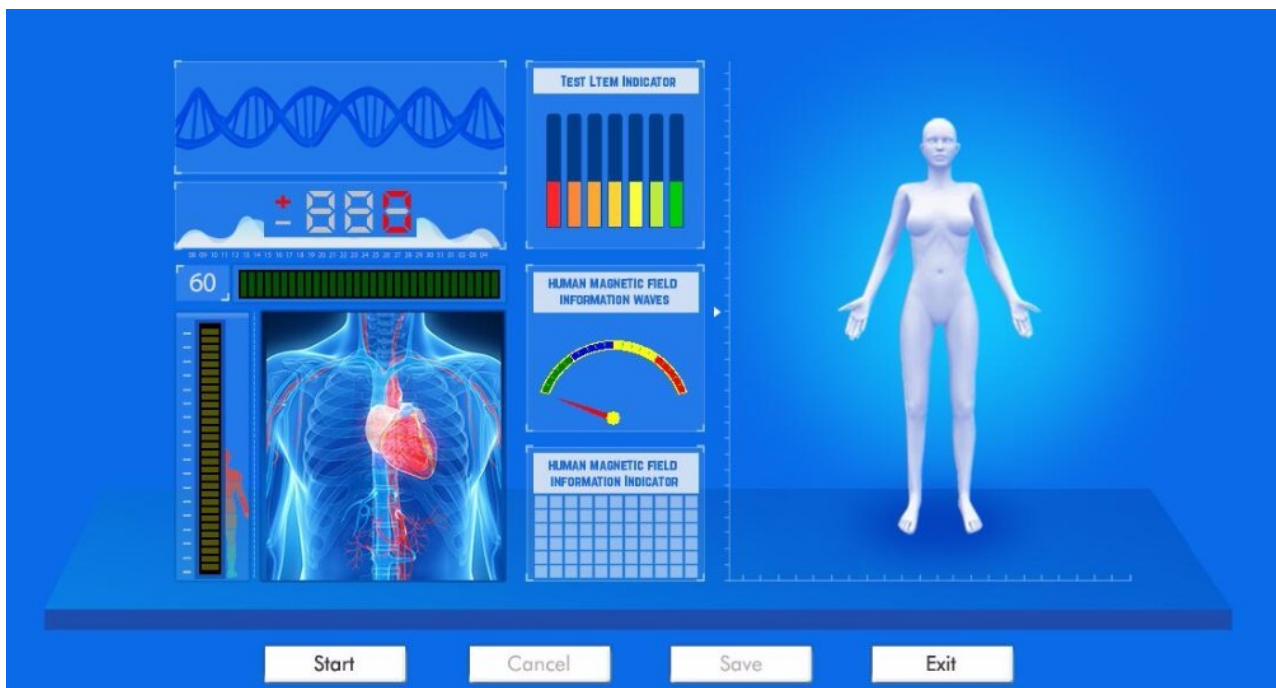

Figure 1: Quantum Analyzer Screenshot

In cultures and religions throughout the world we are considered ‘Beings of Light’. Our cells communicate with each other using light and frequency. A whole branch of Energy Medicine has developed around this idea. Auras, Chakras, Acupuncture, the Laying On of Hands, Crystals, Stones, Reiki, Flower Remedies and more. Such techniques attempt to manipulate the flow of energy through the body. ‘Energy Medicine’ is based on the concept everything in nature has its own unique, resonant frequency. A bit like the old wireless Radio Stations had their own radio frequency.

Over the last 100 years, Doctors, scientists and researchers have cataloged thousands of frequencies... Plants, minerals, vitamins, parasites, organs, healthy and unhealthy states,

hormones, emotions, even supplements and pharmaceuticals... and put them into computerized databases. Scans compare frequencies in the body, to those in the databases, identifying imbalances. Weakened frequencies can then be 'energetically' corrected, restoring healthy, cell-to-cell communication.

The Need for Testing

How do we know if a supplement or herb is working? If a parasite or pathogen has been cleared? What foods and substances you are sensitive to? If inflammation has resolved or the gut healed? If Iron, Zinc, B12 levels and Folate are back to normal? If gut bacteria are balanced and enzyme production is restored? If it is okay to move onto the next stage of the protocol?

Bio-energetic Testing tells us. While you may recover health without it, energetic testing can be a 'game-changer', putting an end to guesswork.

With **GIARDIACLEAR™**, one or two devices are shipped to you. Since we source direct from the manufacturer, these are acquired at significant discount to high street prices.

How is it Used?

Using simple Remote Access software, I or a practitioner, dial-in to your pc or laptop, to set up the devices. Then run initial scans, provide therapy, monitor progress, and conduct 'before' and 'after' analyses.

Doing this, in the comfort of your own home, or office, is convenient and saves significant time and cost. No need to wait for appointments with practitioners, who may be some distance away.

Training on how to use these systems is available.
